### History of the Bar & Grill at AJ's Walleye Lodge

*The journey started in 2012 when Jim, Mary Beth and Anthony relocated to the Upper Peninsula and purchased the Walleye Lodge. Since that time, they have been working on creating a special space in which to entertain guests and friends. After a great deal of planning and hard work, the result is this stunning lakefront restaurant that complements the natural beauty of Lake Gogebic and surrounding Ottawa National Forest. The restaurant's centerpiece is a pre-Prohibition bar purchased from the Picoldi family that ran the Crossing Inn since the 1900's in Wakefield. The restaurant also features a 5,000 pound wood fired pizza oven which creates delicious, chef driven pizzas and food served up in a casual and friendly environment.*

*Our dedication is to provide the freshest ingredients and best food, and highest level of service to our Guests. We treat each dish we prepare as though we were creating a meal for ourselves and we thank you for choosing to dine at our table. Mangia!*
